Every such license shall apply only to one voyage or trip to the Districts of Assam, Cachar, or Sylhet, or any one or more of those Districts, and shall specify the number of laborers which the steamer or boat is licensed to carry: and the license shall also specify the number of persons (including the crew) other than laborers, whom the steamer or boat is licensed to carry.

No place shall be named in any such pass as the destination of any laborer except a place which shall have been declared by the Lieutenant-Governor to be a place for the disembarkation of laborers under this Act. No. 1504.

Fort William, the 14th April 1863.

Notification.—The Hon'ble the President in Council observes that references are frequently made to the Government of India direct on points connected with the leave, salary, or special allowances of Civil Officers subject to the Orders of the Government of India, which have to be referred to the Civil Pay-Master for report previous to their disposal.

With a view of reducing the delay which is thereby occasioned His Honor in Council is pleased to direct that all such applications for the future should be forwarded direct by the proper authority to the Civil Pay-Master who audits the applicant's Salary Bill, and who, after attaching the usual Report to it as to whether the applicant is entitled to the leave in question, will submit it, without delay, to that Department of the Government of India by whom the application will be finally considered.

For like reasons, all appeals against a ruling of the Civil Pay-Master's, and all applications for travelling or deputation allowances, pensions, or gratuities, should be invariably accompanied by a Report from that Officer.

Ordered, that this Notification be published in the *Calcutta Gazette* for the information and guidance of all Local Governments, and of the Pay and Audit Departments, and that a copy of it be furnished to the Foreign and Home Departments.

VII. It shall not be lawful for any person, whether a licensed Contractor or otherwise, to employ any person, not duly licensed as hereinafter provided, to act as a Recruiter or Agent in inducing or engaging natives of India to proceed from or through any of the Provinces subject to the Government of Bengal, to the Districts of Assam, Cachar, or Sylhet, as laborers for hire.

VIII. It shall be lawful for any Superintendent to grant to such persons as he may think fit licenses, in the form set forth in the Schedule (B) to this Act annexed, to act as Recruiters for engaging or inducing persons to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire. For every such license a fee not exceeding sixteen Rupees (the amount of which shall from time to time be fixed by the Government of Bengal) shall be paid to the Superintendent granting the same, and every such license shall be in force for one year and no more.

Upon so appearing, the Recruiter shall state to the Magistrate to what depôt he intends that the laborer shall proceed, and the Magistrate shall thereupon examine the laborer with reference to his engagement, and if it appears that he comprehends the nature of the engagement he has entered into, and that he is willing to fulfil the same, the Magistrate shall register the name of such laborer and the depôt to which it is intended he shall proceed, in a book to be kept for the purpose in such form as the Lieutenant-Governor of Bengal shall prescribe; but if the Magistrate shall be of opinion that such person does not comprehend the nature of his engagement or that he has been induced to enter into it by fraud or misrepresentation, he shall refuse to register the name of such person. An authentic copy of every registration made under this Section shall be forthwith forwarded by the Magistrate to the Superintendent within the local limits of whose authority the depôt to which such registration relates is situated.

XII. Every native inhabitant of India who shall, in the Town of Calcutta, enter into any engagement with a Recruiter to proceed to the Districts of Assam, Cachar, or Sylhet, for the purpose of laboring there for hire, shall within forty-eight hours of making such engagement appear with the Recruiter before the Superintendent having authority in the said Town. Upon so appearing the Recruiter shall state to the Superintendent to what depôt he intends that the laborer shall proceed, and the Superintendent shall thereupon examine the laborer with reference to his engagement, and if it appears that he comprehends the nature of the engagement he has entered into, and that he is willing to fulfil the same, the Superintendent shall register the name of such laborer and the depôt to which it is intended he shall proceed, in a book to be kept for the purpose in such form as the Lieutenant-Governor of Bengal shall prescribe; but if the Superintendent shall be of opinion that such person does not

comprehend the nature of his engagement, or that he has been induced to enter into it by fraud or misrepresentation, he shall refuse to register the same of such person.

XIII. Every Recruiter who shall forward or send any laborer from the District or Town in which he has entered into any engagement, or who shall induce or knowingly permit any laborer to leave such District or Town, for the purpose of proceeding to the Districts of Assam, Cachar, or Sylhet without the laborer being duly registered as provided in Sections XI and XII of this Act, and every Recruiter who shall forward or send any laborer or shall induce or knowingly permit any laborer to proceed to any depot other than the depot registered under those Sections, shall be liable to a fine not exceeding two hundred Rupees for every laborer so forwarded or sent or induced or permitted, and in default of payment of such fine to imprisonment for a term not exceeding six months.

XIV. The registered laborers engaged by any Recruiter shall, while proceeding to a depot, be accompanied throughout the journey, either by the Recruiter himself or by a competent person appointed by him with the approval of the Magistrate by whom the laborers may have been registered. Every Recruiter by or through whom laborers may be forwarded to a depot shall throughout their journey provide them with proper and suitable lodging and food. Whenever any such laborer shall not be so provided with lodging or food, the Recruiter shall, whether he accompanied the laborers in person or not, be liable to a fine not exceeding two hundred Rupees, and in default of payment of such fine to imprisonment for a term not exceeding six months.

XV. Every Contractor shall, within twenty-four hours after the arrival of any laborer at his depot, give to the Superintendent a notice in writing of such arrival, which notice shall be in such form and shall contain such particulars as the Superintendent shall prescribe. Every laborer shall, as soon as may be after his arrival, be examined by the Medical Inspector, who shall give to the Superintendent a certificate of the state of health of every laborer examined.

XVI. If the Medical Inspector shall certify that any laborer is not in a state of health which warrants his proceeding to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring, the Superintendent shall either order the Contractor, in whose depot such laborer may be, forthwith to convey him back to the place at which he was registered, or shall order the Contractor to pay to the laborer such sum as shall to the Superintendent seem necessary to enable him to return there; and the Contractor if so ordered shall, without unreasonable delay, convey the laborer or cause him to be conveyed back to the place at which he was registered. On

failure of the Contractor for twenty-four hours to comply with an order of the Superintendent for the payment of such sum of money as aforesaid, it shall be lawful for the Superintendent to advance the same to the laborer, and every sum so advanced shall be recoverable by the Superintendent, with six per cent interest from the date of advance, from the Contractor on whose default it may be advanced, as money paid to the use of such Contractor; and no further proof shall be required by any Court in any such case than that the Superintendent gave the Contractor such order as aforesaid and that the Contractor for a space of twenty-four hours made default in complying therewith. Provided always that any laborer who from his state of health is, in the Medical Inspector's opinion, unfit to undertake the journey back to the place where he was registered, shall, in addition to his being conveyed back by or at the expense of the Contractor, be entitled to continue in the depot and to be fed, clothed, and lodged there by and at the expense of the Contractor until such time as the Superintendent shall order otherwise.

XVII. The Superintendent shall examine separately each laborer, as soon as possible after his arrival at a depot, as to the treatment that he has received on the journey to the depot; and in case it shall appear that any laborer has suffered any ill-treatment on the journey, the Superintendent may cause him to be removed from the depot. The Superintendent may thereupon order the Contractor, from whose depot the laborer is removed, to pay him such a sum of money as to the Superintendent shall seem necessary in order to enable the laborer to return to the place where he was registered; and on failure of the Contractor to pay such sum within twenty-four hours of his being so ordered, the Superintendent may advance the same to the laborer; and after payment of the last preceding sum, a sum not exceeding the sum advanced shall be applicable, so far as the circumstances of the case will permit, to advances made by him under this Section.

XVIII. It shall not be lawful for any laborer to be conveyed from any depot to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring there for hire, unless he shall have first, in the manner hereinafter provided, entered into a duly registered contract with some person to serve such person there for a fixed period, which shall in no case exceed the term of five years.

Every such contract shall be reduced to writing and shall specify the rate of wages the laborer is to receive, and shall contain such particulars and be in such form as the Lieutenant-Governor of Bengal shall prescribe.

The Superintendent shall attest every contract duly executed in his presence, and certify at the foot thereof that he has personally explained the same and has satisfied himself as aforesaid. An abstract of every such contract shall be entered by the Superintendent in a Register to be kept by him for the purpose; and after such abstract has been so entered, one of the duplicates so duly signed and attested as hereinbefore provided shall be given to the laborer, and the other to the person with whom he has contracted or his Agent.

XX. The Superintendent shall send by post a copy, authenticated under his hand, of every abstract entered by him as in the last preceding Section provided, to the Magistrate of the District in which the service is in such contract agreed to be performed. Every such copy shall be despatched by the Superintendent within seven days after the entry of the abstract. Every abstract and every such copy shall be receivable in evidence in any Court, whether Civil or Criminal, in lieu of the original contract.

XXI. Any laborers whose contracts shall have been executed and entered as hereinbefore provided, may be despatched from time to time to the Districts of Assam, Cachar, or Sylhet, by the Contractors in whose depôts they may be or by the persons whom they may have agreed to serve respectively, but subject always to the provisions of this Act. A fee, not exceeding four annas per laborer, (the amount of which fee shall from time to time be fixed by the Government of Bengal), shall be paid for every such license, which fee shall be carried to the credit of the said Government, and the granting or withholding any license shall be entirely discretionary with the Superintendent to whom application is made for the same. Every such license shall apply only to one voyage or trip to the Districts of Assam, Cachar, or Sylhet, or any one or more of those Districts, and shall specify the number of laborers which the steamer or boat is licensed to carry; and the license shall also specify the number of persons (including the crew) other than laborers, whom the steamer or boat is licensed to carry.

XXIII. The Master of any steamer or the Manjee of any boat in which any such laborer shall be conveyed without a license having been obtained as aforesaid, shall be liable to a fine not exceeding two hundred Rupees for every laborer so illegally conveyed, and in default of payment thereof to imprisonment for a term not exceeding six months.

XXIV. If the Master of any steamer or the Manjee of any boat shall, after having obtained a license as aforesaid, fraudulently do or suffer to be done any act or thing whereby such license shall become inapplicable to the then state of the steamer or boat, such Master or Manjee shall be liable to a fine not exceeding five hundred Rupees, and in default of payment thereof to imprisonment for a term not exceeding two months.

XXV. The Master of any steamer or the Manjee of any boat, licensed to carry laborers, who shall receive on board his steamer or boat a greater number of laborers or a greater number of other persons than is specified in his license, shall be liable to a fine not exceeding two hundred Rupees for every laborer and other person so received in excess of the licensed number, and in default of payment thereof to imprisonment for a term not exceeding six months. In computing under this Act the number of laborers or other persons on board of any steamer or boat, two children under the age of ten years shall be reckoned as one person only.

XXVI. It shall not be lawful for the Master of any steamer or the Manjee of any boat licensed as aforesaid to take on board any such laborer as aforesaid, unless such laborer shall have in his possession, and shall shew a pass given to him and signed by the Superintendent, stating his name and age, and the name of his father, and certifying the place of his destination.

It shall not be lawful for the Master of any steamer or the Manjee of any boat licensed as aforesaid, except in case of accident or unavoidable necessity, to be immediately reported to the Superintendent by whom the license was granted, and to the Magistrate of the District in which such accident or necessity shall occur, to cause or permit any such laborer as aforesaid finally to leave such steamer or boat at any place other than that named as the destination of such laborer in the pass signed by the Superintendent. No place shall be named in any such pass as the destination of any laborer except a place which shall have been declared by the Lieutenant-Governor to be a place for the disembarkation of laborers under this Act. Provided always that this Section shall not be deemed to prevent the Master of any steamer or the Manjee of any boat from permitting laborers to disembark at any place or places on the voyage, so long as such disembarkation is not intended, or known to be likely to be permanent.

XXVIII. Before any steamer or boat licensed as aforesaid shall commence its voyage for the Districts of Assam, Cachar, or Sylhet, the Master or Manjee thereof shall deliver to the Superintendent a list in duplicate, in a form to be prescribed by

Government of Bengal.

LEGISLATIVE DEPARTMENT.

The following Act of the Lieutenant-Governor of Bengal in Council received the assent of His Honor on the 10th March 1863, and having been assented to by His Excellency the Governor General on the 28th idem, is hereby promulgated for general information:—

Act No. III of 1863.

An Act to regulate the Transport of Native Laborers to the Districts of Assam, Cachar, and Sylhet.

Preamble. WHEREAS it is expedient to regulate the passage and transport of native laborers, from or through the Provinces subject to the Government of Bengal, to the Districts of Assam, Cachar, and Sylhet; and also to regulate the manner of engaging and contracting with native inhabitants of the said Provinces to proceed to the said Districts for the purpose of laboring for hire; It is enacted as follows:—

I. From and after the first day of May 1863, Laborers shall be engaged to proceed to Assam, &c., and shall be conveyed there only under this Act.

whoever shall, otherwise than under the provisions of this Act, engage any native inhabitant of India in any of the Provinces subject to the Government of Bengal to proceed to any or either of the Districts of Assam, Cachar, or Sylhet for the purpose of laboring there for hire; and whoever shall, otherwise than under the provisions of this Act, convey any native inhabitant of India through any of the said Provinces to any or either of the Districts aforesaid for the purpose of laboring there for hire, shall be liable to a fine not exceeding two hundred Rupees for every person so engaged or conveyed, and in default of payment of such fine shall be liable to imprisonment for a term not exceeding six months. Provided always that nothing in this Act shall apply to any engagement made in any or either of the said Districts of Assam, Cachar, and Sylhet.

Penalty.

Proviso.

II. For the purposes of this Act it shall be lawful for the Lieutenant-Governor of Bengal to appoint Superintendents of Labor Transport, and Medical Inspectors of Laborers, at any places where he may think proper: provided that, whenever any Superintendent or Medical Inspector shall be appointed, the Lieutenant-Governor of Bengal shall, by Notification in the Calcutta Gazette, define the local limits within which such Superintendent or Medical Inspector shall exercise the powers and authority conferred on him by this Act. When such local limits shall have been so defined, no other Superintendent or Medical Inspector shall within those limits exercise any of the powers vested in a Superintendent or Medical Inspector by this Act.

III. It shall not be lawful for any person, who is not duly licensed as a Contractor or Recruiter as hereinafter provided, to engage or induce, save through or by the Agency of a licensed Contractor, any native inhabitants of India to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire. Any person, other than a Contractor, licensed as hereinafter provided, who shall enter into any contract or agreement to supply any such native inhabitants for the purpose of laboring for hire in those Districts or any or either of them, and any person other than a Recruiter, licensed as hereinafter provided, who shall enter into any contract or agreement to engage or induce, or shall attempt to engage or induce, any such native inhabitants to proceed to any of those Districts for the purpose aforesaid, shall be liable for each offence to a fine not exceeding one thousand Rupees, and in default of payment thereof to imprisonment for a term not exceeding six months.

Penalty.

IV. It shall be lawful for any Superintendent appointed under this Act to grant to such persons as he may think fit licenses, in the form set forth in Schedule (A) to this Act annexed, to act as Contractors for

engaging or supplying persons for the purpose of laboring for hire in the Districts of Assam, Cachar, and Sylhet, or any or either of them. For every such license a fee not exceeding one hundred Rupees (the amount of which shall from time to time be fixed by the Government of Bengal) shall be paid to the Superintendent granting the same; and every such license shall be in force for one year and no longer.

V. Every Contractor licensed under this Act shall, if called on to do so by the Superintendent by whom he is licensed, establish a depôt in a place to be approved of by such Superintendent. Every such depôt shall be kept up by the Contractor for the reception of laborers to be supplied or forwarded by or through him. All such laborers shall, on their arrival at or in the neighbourhood of the depôt so established by the Contractor by, through, or for, whom they have been engaged or forwarded, be at once taken to, and received into, it, and shall be entitled to receive in such depôt, at the expense of such Contractor, suitable lodging, food, clothing, and medical attendance, until such laborers shall be declared by the Superintendent to be no longer entitled thereto. Every such depôt as aforesaid shall be under the supervision of the Superintendent, and shall be open to his inspection and to the inspection of the Medical Inspector at all times, and shall be managed and regulated by the Contractor in accordance with such rules as the Superintendent may, with the sanction of the Lieutenant-Governor of Bengal, from time to time lay down in that behalf.

VI. It shall be the duty of every Contractor to afford such information to the Superintendent by whom he is licensed, and to make such returns and reports to him, as such Superintendent may from time to time require.

VII. It shall not be lawful for any person, whether a licensed Contractor or otherwise, to employ any person, not duly licensed as hereinafter provided, to act as a Recruiter or Agent in inducing or engaging natives of India to proceed from or through any of the Provinces subject to the Government of Bengal, to the Districts of Assam, Cachar, or Sylhet, as laborers for hire.

VIII. It shall be lawful for any Superintendent to grant to such persons as he may think fit licenses, in the form set forth in the Schedule (B) to this Act annexed, to act as Recruiters for engaging or inducing persons to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire. For every such license a fee not exceeding sixteen Rupees (the amount of which shall from time to time be fixed by the Government of Bengal) shall be paid to the Superintendent granting the same, and every such license shall be in force for one year and no more.

IX. It shall be lawful for any Superintendent, in case of misconduct on the part of a Contractor or Recruiter, to cancel any license which he may have granted to such Contractor or Recruiter.

X. Every person holding a license as Recruiter shall wear a badge having legibly inscribed on it, in the Oordoo and Bengailee languages, the name of the District or Districts to which he is licensed to engage laborers to proceed. No Recruiter shall engage or attempt to engage laborers in any District of the said Provinces or in the Town of Calcutta without having first exhibited his license to a Magistrate in such District or Town and obtained the countersignature of the Magistrate thereupon. Such countersignature shall be given, provided that the license is in force at the time.

XI. Every native inhabitant of India who shall in any place within the said Provinces, other than the Town of Calcutta, enter into any engagement with a Recruiter to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire, shall, when called on by the Recruiter so to do, appear with the Recruiter before any Magistrate in the District within which the engagement was entered into. Upon so appearing, the Recruiter shall state to the Magistrate to what depôt he intends that the laborer shall proceed, and the Magistrate shall thereupon examine the laborer with reference to his engagement, and if it appears that he comprehends the nature of the engagement he has entered into, and that he is willing to fulfil the same, the Magistrate shall register the name of such laborer and the depôt to which it is intended he shall proceed, in a book to be kept for the purpose in such form as the Lieutenant-Governor of Bengal shall prescribe: but if the Magistrate shall be of opinion that such person does not comprehend the nature of his engagement or that he has been induced to enter into it by fraud or misrepresentation, he shall refuse to register the name of such person. An authentic copy of every registration made under this Section shall be forthwith forwarded by the Magistrate to the Superintendent within the local limits of whose authority the depôt to which such registration relates is situated.

XII. Every native inhabitant of India who shall, in the Town of Calcutta, enter into any engagement with a Recruiter to proceed to the Districts of Assam, Cachar, or Sylhet, for the purpose of laboring there for hire, shall within forty-eight hours of making such engagement appear with the Recruiter before the Superintendent having authority in the said Town. Upon so appearing the Recruiter shall state to the Superintendent to what depôt he intends that the laborer shall proceed, and the Superintendent shall thereupon examine the laborer with reference to his engagement, and if it appears that he comprehends the nature of the engagement he has entered into and that he is willing to fulfil the same, the Superintendent shall register the name of such laborer and the depôt to which it is intended he shall proceed, in a book to be kept for the purpose in such form as the Lieutenant-Governor of Bengal shall prescribe: but if the Superintendent shall be of opinion that such person does not

comprehend the nature of his engagement, or that he has been induced to enter into it by fraud or mis-representation, he shall refuse to register the name of such person.

XIII. Every Recruiter who shall forward or send any laborer from the District or Town in which he has entered into any engagement, or who shall induce or knowingly permit any laborer to leave such District or Town, for the purpose of proceeding to the Districts of Assam, Cachar, or Sylhet without the laborer being duly registered as provided in Sections XI and XII of this Act, and every Recruiter who shall forward or send any laborer or shall induce or knowingly permit any laborer to proceed to any depôt other than the depôt registered under those Sections, shall be liable to a fine not exceeding two hundred Rupees for every laborer so forwarded or sent or induced or permitted, and in default of payment of such fine to imprisonment for a term not exceeding six months.

XIV. The registered laborers engaged by any Recruiter shall, while proceeding to a depôt, be accompanied throughout the journey, either by the Recruiter himself or by a competent person appointed by him with the approval of the Magistrate by whom the laborers may have been registered. Every Recruiter by or through whom laborers may be forwarded to a depôt shall throughout their journey provide them with proper and suitable lodging and food. Whenever any such laborer shall not be so provided with lodging or food, the Recruiter shall, whether he accompanied the laborers in person or not, be liable to a fine not exceeding two hundred Rupees, and in default of payment of such fine to imprisonment for a term not exceeding six months.

XV. Every Contractor shall, within twenty-four hours after the arrival of any laborer at his depôt, give to the Superintendent a notice in writing of such arrival, which notice shall be in such form and shall contain such particulars as the Superintendent shall prescribe. Every laborer shall, as soon as may be after his arrival, be examined by the Medical Inspector, who shall give to the Superintendent a certificate of the state of health of every laborer examined.

XVI. If the Medical Inspector shall certify that any laborer is not in a state of health which warrants his proceeding to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring, the Superintendent shall either order the Contractor, in whose depôt such laborer may be, forthwith to convey him back to the place at which he was registered, or shall order the Contractor to pay to the laborer such sum as shall to the Superintendent seem necessary to enable him to return there: and the Contractor if so ordered shall, without unreasonable delay, convey the laborer or cause him to be conveyed back to the place at which he was registered. On

failure of the Contractor for twenty-four hours to comply with an order of the Superintendent for the payment of such sum of money as aforesaid, it shall be lawful for the Superintendent to advance the same to the laborer, and every sum so advanced shall be recoverable by the Superintendent, with six per cent interest from the date of advance, from the Contractor on whose default it may be advanced, as money paid to the use of such Contractor: and no further proof shall be required by any Court in any such case than that the Superintendent gave the Contractor such order as aforesaid and that the Contractor for a space of twenty-four hours made default in complying therewith. Provided always that any laborer who from his state of health is, in the Medical Inspector's opinion, unfit to undertake the journey back to the place where he was registered, shall, in addition to his being conveyed back by or at the expense of the Contractor, be entitled to continue in the depôt and to be fed, clothed, and lodged there by and at the expense of the Contractor until such time as the Superintendent shall order otherwise.

XVII. The Superintendent shall examine separately each laborer, as soon as possible after his arrival at a depôt, as to the treatment that he has received on the journey to the depôt: and in case it shall appear that any laborer has suffered any ill-treatment on the journey, the Superintendent may cause him to be removed from the depôt. The Superintendent may thereupon order the Contractor, from whose depôt the laborer is removed, to pay him such a sum of money as to the Superintendent shall seem necessary in order to enable the laborer to return to the place where he was registered: and on failure of the Contractor to pay such sum within twenty-four hours of his being ordered to do so, the Superintendent may advance the amount to the laborer: and all the provisions of the last preceding Section as to sums advanced by the Superintendent shall be applicable, so far as the circumstances of the case will permit, to advances made by him under this Section.

XVIII. It shall not be lawful for any laborer to be conveyed from any depôt to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring there for hire, unless he shall have first, in the manner hereinafter provided, entered into a duly registered contract with some person to serve such person there for a fixed period, which shall in no case exceed the term of five years. Every such contract shall be reduced to writing, and shall specify the rate of wages the laborer is to receive, and shall contain such particulars and be in such form as the Lieutenant-Governor of Bengal shall prescribe.

XIX. Every contract entered into by a laborer shall, in the presence of the Superintendent, be signed in duplicate both by the laborer and by the person with whom he intends to contract or his Agent. Before the laborer signs the contract, the Superintendent shall personally explain it to him and shall satisfy himself that the laborer fully

understands all its details. The Superintendent shall attest every contract duly executed in his presence, and certify at the foot thereof that he has personally explained the same and has satisfied himself as aforesaid. An abstract of every such contract shall be entered by the Superintendent in a Register to be kept by him for the purpose: and after such abstract has been so entered, one of the duplicates so duly signed and attested as hereinbefore provided shall be given to the laborer, and the other to the person with whom he has contracted or his Agent.

XX. The Superintendent shall send by post a copy, authenticated under his hand, of every abstract entered by him as in the last preceding Section provided, to the Magistrate of the District in which the service is in such contract agreed to be performed. Every such copy shall be despatched by the Superintendent within seven days after the entry of the abstract. Every abstract and every such copy shall be receivable in evidence in any Court, whether Civil or Criminal, in lieu of the original contract.

XXI. Any laborers whose contracts shall have been executed and entered as hereinbefore provided, may be despatched from time to time to the Districts of Assam, Cachar, or Sylhet, by the Contractors in whose depôts they may be or by the persons whom they may have agreed to serve respectively, but subject always to the provisions of this Act. No laborer shall be so despatched unless the permission of the Superintendent shall have been first obtained, and the laborer shall have received a pass from the Superintendent as hereinafter mentioned.

XXII. It shall not be lawful for the Master of any steamer or the Manjee of any boat, without a license granted by the Superintendent within the local limits of whose authority a laborer may embark, to convey such laborer to the Districts of Assam, Cachar, or Sylhet. A fee, not exceeding four annas per laborer, (the amount of which fee shall from time to time be fixed by the Government of Bengal), shall be paid for every such license, which fee shall be carried to the credit of the said Government, and the granting or withholding any license shall be entirely discretionary with the Superintendent to whom application is made for the same. Every such license shall apply only to one voyage or trip to the Districts of Assam, Cachar, or Sylhet, or any one or more of those Districts, and shall specify the number of laborers which the steamer or boat is licensed to carry: and the license shall also specify the number of persons (including the crew) other than laborers, whom the steamer or boat is licensed to carry.

XXIII. The Master of any steamer or the Manjee of any boat in which any such laborer shall be conveyed without a license having been obtained as aforesaid, shall be liable to a fine not exceeding two hundred Rupees for every laborer so illegally conveyed, and in default of payment thereof to imprisonment for a term not exceeding six months.

XXIV. If the Master of any steamer or the Manjee of any boat shall, after having obtained a license as aforesaid, fraudulently do or suffer to be done any act or thing whereby such license shall become inapplicable to the then state of the steamer or boat, such Master or Manjee shall be liable to a fine not exceeding five hundred Rupees, and in default of payment thereof to imprisonment for a term not exceeding two months.

XXV. The Master of any steamer or the Manjee of any boat, licensed to carry laborers, who shall receive on board his steamer or boat a greater number of laborers or a greater number of other persons than is specified in his license, shall be liable to a fine not exceeding two hundred Rupees for every laborer and other person so received in excess of the licensed number, and in default of payment thereof to imprisonment for a term not exceeding six months. In computing under this Act the number of laborers or other persons on board of any steamer or boat, two children under the age of ten years shall be reckoned as one person only.

XXVI. It shall not be lawful for the Master of any steamer or the Manjee of any boat licensed as aforesaid to take on board any such laborer as aforesaid, unless such laborer shall have in his possession and shall shew a pass given to him and signed by the Superintendent, stating his name and age, and the name of his father, and certifying the place of his destination.

XXVII. It shall not be lawful for the Master of any steamer or the Manjee of any boat licensed as aforesaid, except in case of accident or unavoidable necessity, to be immediately reported to the Superintendent by whom the license was granted, and to the Magistrate of the District in which such accident or necessity shall occur, to cause or permit any such laborer as aforesaid finally to leave such steamer or boat at any place other than that named as the destination of such laborer in the pass signed by the Superintendent. No place shall be named in any such pass as the destination of any laborer except a place which shall have been declared by the Lieutenant-Governor to be a place for the disembarkation of laborers under this Act. Provided always that this Section shall not be deemed to prevent the Master of any steamer or the Manjee of any boat from permitting laborers to disembark at any place or places on the voyage, so long as such disembarkation is not intended, or known to be likely to be permanent.

XXVIII. Before any steamer or boat licensed as aforesaid shall commence its voyage for the Districts of Assam, Cachar, or Sylhet, the Master or Manjee thereof shall deliver to the Superintendent a list in duplicate, in a form to be prescribed by

of any steamer or the Manjee of any boat shall, after having commenced his voyage, or after having delivered such list to the Superintendent, take on board any laborer whose name shall not have been entered in the list aforesaid, he shall be liable to a fine not exceeding two hundred Rupees for every laborer so illegally taken, and in default of payment thereof to imprisonment for a term not exceeding six months.

XXIX. The Master of any steamer or the Manjee of any boat licensed as aforesaid, having laborers on board shall, immediately on the arrival of the steamer or boat at the place of destination, and previously to the disembarkation of any of the laborers, give notice of his arrival to the nearest Magistrate or such Officer as shall be appointed by such Magistrate in that behalf, and shall deliver to him the list in the last preceding Section mentioned.

XXX. The laborers shall thereupon be landed under the supervision of the Magistrate or other Officer aforesaid, who shall make such provision as he may consider necessary for the reception of the laborers and for their food, lodging, and clothing while they remain in the place or station at which they may have disembarked.

XXXI. The Magistrate or other Officer aforesaid may cause the laborers to be inspected by the Civil Surgeon of the Station or other qualified Medical Officer. It shall be the duty of such Civil Surgeon or other Medical Officer to make such inspection when called on by the Magistrate or other Officer aforesaid so to do, and after making such inspection, he shall prepare and sign a report in which he shall certify as to the state of health and general condition of every laborer inspected.

XXXII. The Magistrate or other Officer aforesaid shall despatch without delay, to the Superintendent by whose permission they were forwarded, a detailed report of the number of laborers who may have arrived, together with a copy of the report (if any) of the Civil Surgeon or other Medical Officer as to their state of health and general condition, and any observations which such Civil Surgeon or other Medical Officer, or such Magistrate or other Officer aforesaid, may think fit to make.

XXXIII. On the arrival of any laborers at the place of disembarkation, the Magistrate or other Officer aforesaid shall at once give notice of their arrival to the persons with whom they shall be under contract to labor,

or to the Agents of such persons, who shall forthwith take charge of the laborers with whom they may have contracted respectively, and shall, in such manner as shall be approved of by the Magistrate or other Officer aforesaid, provide for their proceeding or being conveyed to the place of their final destination.

If proper means are not provided for conveyance of laborers to place of final destination, Magistrate, &c., to make arrangements and incur necessary expenses.

It shall be the duty of the Magistrate or other Officer aforesaid to see, so far as is possible, that reasonable provision is made for the support and lodging of the laborers from the time of their disembarkation till they reach their final destination, and if the persons with whom they may have contracted shall fail to make such reasonable provision, the Magistrate or other Officer aforesaid may order such arrangements to be made, and incur such expenses, as under the circumstances may seem to him necessary: and the amount of such expenses, as also any expenses incurred by him in the disembarkation, or in respect of the food, lodging, or clothing of the laborers or of any of them, shall, with interest at the rate of six per cent., be recoverable by the Magistrate or other Officer aforesaid from the persons with whom the laborers, in respect of whom the expenses have been incurred, may have contracted, as money paid to their use.

XXXIV. There shall be laden, under the supervision of the Superintendent, on board of every steamer or boat carrying laborers to the Districts of Assam, Cachar, or Sylhet, at the time of the embarkation of such laborers, good and wholesome provisions for the consumption of the said laborers, to the amount or in the proportion which shall be prescribed by the Superintendent. And it shall not be lawful for the Master of the steamer or the Manjee of the boat to commence the voyage without having on board such provisions as aforesaid, or without having on board such Medical and other Officers, Cooks and other attendants, as the Superintendent shall order: and every Contractor or other person by whom or on whose account laborers are despatched to any of the said Districts, shall at his own expense provide such Medical and other Officers, Cooks and other attendants, as shall be in each case ordered by the Superintendent.

XXXV. The provisions with regard to registered laborers contained in Sections XIV, XXX, XXXI, XXXII, and XXXIV of this Act shall be applicable to such children and aged relatives of the laborers as may, with the consent of a Contractor or Recruiter and with the written permission of the registering Magistrate or Superintendent, accompany them.

XXXVI. The Superintendent may refuse to grant passes to any laborers if the party to which they belong or with whom it is intended to forward them shall not consist of, or be accompanied by, females above the age of twelve years in such proportion as the Lieutenant-Governor of Bengal shall from time to time

MILITARY.

No. 88.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—With your Military Letter dated 22nd December last, No. 476, you transmit, for my consideration, applications from Lieutenant-Colonel C. A. Barwell and Brevet-Major T. P. Wilson, C. B., soliciting that the one year's service granted to the Officers and Soldiers engaged in the defence of Lucknow may be allowed to count as service towards promotion in the Staff Corps.

2. I agree with the Commander-in-Chief of India and your Government that the application cannot be complied with. To concede the point would be to give to these Officers an undue advantage.

3. In reply to the enquiry made by your Government as to the exact benefits derivable by Commissioned Officers from the grant of the year's service I have to inform you that, in the case of such Officers, the grant was intended only to apply to service for the retiring Pension; observe it is stated, however, in the letter of the Secretary to your Government, Military Department, to the Officiating Adjutant-General, dated 15th December 1862, that in the case of the Civilians engaged in the defence of Lucknow the year's service has been allowed to reckon for service towards Furlough, provided they do not thereby take precedence of their seniors, who may be entitled to, and may desire to take, Furlough.

4. I shall not object to the extension of the same privilege to the Military Officers engaged in the defence of Lucknow.

I have, &c.,

"PARA. 1. I have received and communicated to Her Majesty's Post-Master General your Despatch of the 12th of November last and its enclosures, containing a representation from the Bombay Chamber of Commerce regarding the length of time occupied in the transmission of the Overland Mails from London to Bombay, and requesting that arrangements may be made with a view to accelerating communication with Europe.

"2. I have now to forward a copy of the reply I have received from the Post Office Authorities dated the 2nd of March instant, together with a letter from the Peninsular and Oriental Company of the 23rd February, from which you will perceive that it is proposed to delay for one day the departure of the Mail from Bombay, and to re-issue the instructions to the Commanders of the Steam Vessels to use all speed in making the voyage to Bombay. This plan, it is hoped, will obviate the inconvenience felt in consequence of the Mails from this country frequently arriving at Bombay too late to allow of letters being answered by the return Mail.

"3. Since the above was written I have received a communication from the Post Office stating that the Post-Master General has approved the proposal by the Peninsular and Oriental Company that the alteration in the dispatch of the Packets from Bombay shall commence with the second Mail in April next."

1,084 Total Number.

2. The Establishment of the new Infantry Regiments has been fixed at that announced in my Despatch No. 217, dated 17th June 1861.

3. You will observe that the above is the Establishment of a Brigade, with its full Establishment of Officers, for eight Batteries, and of Non-Commissioned Officers and men for seven Field Batteries.

4. Where there are fewer Batteries, and some on the Garrison Establishment, the strength of the Brigade in the several grades must be modified according to the terms of my Despatches Nos. 132 and 186, dated 31st March and 15th May 1862, respectively.

5. I desire to point out to your Government that the Establishment here specified for Medical Officers and Veterinary Surgeons of Brigades of Royal Artillery is but nominal.

6. The Secretary of State for War has assented to my proposals that one Surgeon should be attached to each Brigade, and one Assistant Surgeon to each manned Battery, and that, in cases where there is but one Battery at the Headquarters of a Brigade, the Surgeon is sufficient for the Medical charge of such Battery, and that where there are two, one Assistant Surgeon, acting under the Surgeon, would suffice.

7. In the same manner not more than one Veterinary Surgeon is to be employed with the Artillery stationed at any one place unless there should be more than two Batteries.

8. An adequate Medical Staff will, however, be maintained in India for the purpose of enabling your Government to meet the exigencies which may arise on these arrangements being carried into effect.

POLITICAL.

Singla, the 18th April 1863.

Notifications.—On Saturday, the 2nd of March, the Viceroy and Governor General held a Darbar for the private reception of the following Chiefs of the Cis-Sutlej States and the Hissar Division:—

The Maharajah of Pattiala.
The Rajah of Jheend.
The Rajah of Nabha.
Nawab of Mahler Kotila.
Sirdar of Kulsia.
Nawab of Patowdee.
Nawab of Loharao.
Nawab of Dajana.

Each Chief was accompanied by some of his nearest relatives and principal Officers of State.

On arrival and departure the Maharajah of Pattiala received a salute of seventeen Guns, the Rajahs of Jheend and Nabha eleven Guns each, and the Nawab of Mahler Kotila nine Guns.

At noon, on the same day, all the above Chiefs, with their relations and attendants, and also the other Sirdars and principal Native Residents of the Cis-Sutlej States, were received by the Viceroy and Governor General in public Darbar. His Excellency the Commander-in-Chief and the Chief Civil and Military Officers of Umballa and the neighbouring Districts were present.

When all were assembled the Viceroy and Governor General entered and took his seat under a Royal Salute.

After each Native Chief and Gentlemen present had been introduced to His Excellency and presented the customary offerings His Excellency addressed the assembled Chiefs in the following words:—

"COLONEL DURAND.—I beg that you will express to the Native Gentlemen who are assembled here my regret that I am unable to address them in their own language, and inform them that I am charged by Her Majesty the Queen to convey to them the assurance of Her Majesty's high appreciation of the loyalty and devotion to Her Majesty's Person and Government, which has been exhibited on various occasions by the Sikh Rulers and people.

"Not many days ago it was my pleasing duty to determine that the Medal granted to Her Majesty's Troops who were engaged at Delhi in 1857 should be conferred on the followers of the Sikh Chiefs who took part in the noble achievements of that period, and I can personally bear testimony to the good services of the Officers and Men of the Sikh Regiments who in 1860 co-operated with the British Troops in placing the British Flag on the walls of Peking, the Capital of the vast Empire of China.

"But, in order to be truly great, it is necessary that Nations should excel in the arts of Peace as well as in those of War.

"Look to the History of the British Nation for an example, most assuredly the British people are powerful in War; but their right and renown are in a great measure due to their proficiency in the works which make a time of peace fruitful and glorious.

"By their skill in agriculture they have converted their country into a garden; by their genius as traders they have attracted to it a large share of the wealth of other lands.

"Let us take advantage of this season of tranquillity to confer similar benefits on the Punjab.

"The waters which fall on your mountain heights and unite at their base to form mighty rivers are a treasure which, duly distributed, will fertilize your plains and largely augment their productive powers.

"With Electric Telegraphs to facilitate communication, and Railways and Canals to render access to the Sea-ports easy and expeditious, we shall be able to convey the surplus produce of this great country to others where it is required, and to receive from them their riches in return.

"I rejoice to learn that some of the Chiefs in this part of India are taking an interest in these matters which are of such vital importance to the welfare of this country and the prosperity of the people. It affords me, moreover, sincere gratification to find that, under the able guidance of the Lieutenant-Governor, the Sikh Sirdars in certain Districts of the Punjab are giving proof of their appreciation of the value of Education by making provision for the education of their Sons and Daughters.

"Be assured that in so doing you are adopting a judicious policy. The experience of all Nations proves that, where Rulers are well informed and sagacious, the people are contented and willingly submissive to authority. Moreover, it is generally found that, where Mothers are enlightened, Sons are valiant and wise.

"I earnestly exhort you, therefore, to persevere in the course on which you have entered, and I promise you, while you continue in it, the sympathy and support of the British Government."

Thereafter the Maharajah of Puttiala and the Rajahs of Jheund and Nabha requested the Secretary to express to His Excellency their firm allegiance to the British Government and their loyalty to the Crown.

Suitable Khillats were conferred on—

The Maharajah of Puttiala.
The Rajah of Jheund.
The Rajah of Nabha.
The Nawab of Muhlier Kotila.
The Sirdar of Kulsia.
The Chief of Patowdee.
Nawab of Loharno.
Nawab of Dejana.
Meer Moonshee of Umballa.

After the concluding ceremonies the Viceroy and Governor General left his seat under a Royal Salute.

On Monday, the 30th March, His Excellency the Viceroy and Governor General, accompanied by the Secretary to the Government of India and by the Officers of His Excellency's Personal Staff, paid return visits to the Chiefs of Puttiala, Nabha, and Jheund at their respective encampments.

His Excellency was met by the Chiefs themselves and by their relations and principal Ministers in accordance with the custom observed on such occasions, and received at each encampment, both on arrival and departure, a Royal Salute.

In each case the usual offerings were presented and accepted.

By Order of His Excellency the Viceroy and Governor General.

Hydrographic Notice.
CHINA SEA.

ISLANDS BETWEEN SINGAPORE STRAITS AND BORNEO.
The Bearings are Magnetic.

THE Survey of the islands in the south-western part of the China Sea between Singapore Strait and the Coast of Borneo having been completed in H. M. Surveying Vessel *Rifleman*, the result is hereby made known for general information.

As this paper will embody all the information contained in the account of the *Rifleman's* survey of the Tambelan islands published in October last, together with the results of the observations required to determine the astronomical positions at that time incomplete, that account is consequently cancelled.

All the Meridian distances have been referred to Fort Fullerton, Singapore, in Lat. $1^{\circ} 17' N.$, Long. $103^{\circ} 51' 18'' E.$ The islands have been connected together by astronomical positions and true bearings.

With the view that Navigators may readily correct their Horsburgh's, the islands will be referred to in the order they occur in that work,—see Vol. II, pages 303 to 305, both inclusive.

ST. BARBE.—This island is well described in Horsburgh and requires no further remark here. We made the highest hill on the N. E. end to be in Lat. $0^{\circ} 8' 6'' N.$ Long. $107^{\circ} 13' 32'' E.$, and the height 762 feet. The height of the hill on the south end is 684 feet.

DIRECTION ISLAND.—The apex in Lat. $0^{\circ} 14' 39'' N.$ Long. $108^{\circ} 2' E.$ is 639 feet high. In Horsburgh this island is stated to be larger than St. Barbe, but it is, in fact, only one-third of its size. The description in other respects is good.

WELSTEAD SHOAL.—The position of this danger is very accurately given in Horsburgh. From unfavorable weather we were only able to obtain a single observation, this made the Lat. to be $0^{\circ} 32' 27'' N.$ The Long $107^{\circ} 53'' E.$ was obtained by true bearings to Direction island and Tambelan peak.

The rocks extend half a mile in an E. N. E. and W. S. W. direction, their breadth being about a cable's length. They consist of a number of pinnacles, with depths varying from seven to three fathoms.

When at anchor on the shoal Direction island bore by compass $S. 27^{\circ} 30' E.$,—the small islet off the west side of that island being just visible from the bridge, and the compass bearing of Tambelan peak was $N. 36^{\circ} 40'' W.$

PULO DATTE.—We made the Peak in Lat. $0^{\circ} 7' 38'' N.$ Long. $108^{\circ} 35.50' E.$, and its height to be 1,042 feet. It is correctly described in Horsburgh, as are also the islands betwixt Mampaya and Sambas, &c.

ST. ESPRIT ISLANDS.—The highest part of the largest island of this group is in Lat. $0^{\circ} 37' 31'' N.$ Long. $107^{\circ} 0' 50'' E.$, and the height 817 feet. The group is correctly described in Horsburgh, and it is only necessary to remark here that vessels should be cautious when passing through them, as we found a coral patch of three fathoms between the Brace islands and the island next west of them.

HOWRA SHOAL.—Is a doubtful danger which appears on the latest Admiralty Chart S. by W.

4 miles from S. W. island of the St. Esprit Group. The *Rifleman* was steaming over and about its reported position for a day, but could not discover it. We are not in possession of the particulars respecting it.

GREEN ISLAND.—Is correctly described in Horsburgh. Its centre is in Lat. $0^{\circ} 44' 43'' N.$, and Long. $107^{\circ} 18' 52'' E.$

THE TAMBELAN ISLANDS.—Are also correctly described in Horsburgh. We made the highest peak of the Great Tambelan to be in Lat. $1^{\circ} 1' 05'' N.$, and Long. $107^{\circ} 32' 22'' E.$

ROCKS OR ELLEN ROCK.—Is of very small extent, and as described by Mr. Alexander Rodger in Horsburgh, page 305, is about 100 yards square; but at low water spring tides there is but three feet water on it.

This is an exceedingly dangerous rock, for there are regular soundings of from 10 to 22 fathoms close to and for miles round it. The *Rifleman* was steaming about this danger for four days before it was found, although every effort was used to discover it. It was ultimately found by the tide making against the wind and causing a slight ripple.

We made its position to be as follows:—Lat. $0^{\circ} 41' 15'' N.$, Long. $107^{\circ} 31' 12'' E.$

Compass bearings,—Tambelan peak seen over the right apex of large Jarrang	N. $1^{\circ} 30' E.$ —11.6 miles.
Green Island	N. $75^{\circ} 00' W.$ —12.1 do.
Right extreme of Tambelans	N. $12^{\circ} — E.$ —10.2 do.
Left ditto	N. $28^{\circ} 30' W.$ —22.52 do.

There is little doubt, but this is, the rock seen by Mr. Robert Loney, R. N., when in command of the *Rose Ellis*, and marked in the Admiralty Charts as *Rose Ellis*. The rock is so far from the islands that the least error of bearing, either in the compass or in the observation, would cause the discrepancy in its position as given by Captains Rodger and Loney.

ELMORE SHOAL.—Was found to extend about a mile in a N. by E. and S. by W. direction, the shallowest patch being in about the middle of the line, and having three fathoms on it at low water spring tides. Horsburgh gives two fathoms, but we could not find less than three, and all our boats were sounding over it several hours. Southwards of the three fathom patch the shoal extends to the westward nearly three quarters of a mile, having from six to ten fathoms over this part of it. All round the shoal there is from eighteen to twenty-five fathoms water.

We made the position of the three fathom patch to be as follows:—Lat. $1^{\circ} 11' 19'' N.$ Long. $107^{\circ} 25' 27'' E.$

Compass bearings.	
Rocky Islets	S. $87^{\circ} 30' W.$ —12.3 miles.
Gap Rock	N. $70^{\circ} 25' E.$ —0 "
Apex Pulo Way	S. $17^{\circ} 31' W.$ —3.4 "
Right extreme of the Tambelans	S. $24^{\circ} 30' W.$ —6.1 "
Left do.	S. $45^{\circ} 17' E.$ —12.5 "

WHITE ROCK.—About 80 feet high, lies E. S. E. from Pulo Jarrang the S. E. island of the Tambelans. On its S. W. side are two small pinnacle rocks about twelve feet above high water. Vessels should not make too free with this rock as shoal water extends from it between the N. W. and S. W. bearings to a distance of two cables.

CONSTANCE SHOAL.—In the latest Admiralty Charts there is a danger marked "Constance?" and laid down about one mile and three quarters south of large Jarrang. The *Rifleman* was steaming a whole day about its position without it being discovered. Beyond being marked in the

Chart we are not furnished with any particulars and, moreover, the shoal being marked as doubtful in itself, and not as of doubtful position merely, we are induced not to believe in its existence.

A coral shoal, however, was found to lie off the S. W. end of little Jarrang, the shoalest part of which with three fathoms or it bears N. 88° W., nine-tenths of a mile from the S. W. end of that island. From this patch, which is its western extreme, it extends about S. E. by E. three quarters of a mile, with depths over it varying from four to nine fathoms. This, probably, is the Constance shoal.

Tambelan highest peak on with the right extreme of Harbour the island clears it half a mile to the westward, and white rock on with the right extreme of large Jarrang leads over nine fathoms on the S. E. end of it. White rock kept well open of the right extreme of large Jarrang clears the danger to the southward.

There are seventeen to twenty fathoms between this shoal and little Jarrang.

Several other shoal patches and dangers were found near the Tambelans, but they lie out of the track of ordinary Navigators; and which a glance at the Chart will give a better idea of than a long account here.

ROCKY ISLANDS.—Situated N. 54° W. 12 miles from the channel between Palo Way and Outer island of the Tambelan group are merely two barren rocks, the resort of seabirds. They are bold, close to and occupy a space of about two cables in extent. The northern and larger one, 134 feet in height, is in Lat. 1° 11' 9" N., Long. 107° 13' E.

GAR ROCK.—North eleven miles from the Eastern extreme of the Tambelans in Lat. 1° 12' 30" N., and Long. 107° 34' 30" E., is very remarkable, consisting of two large boulders lying upon a flat rock. The larger of these boulders is 124 feet above the water. There is no small rock to the eastward of it as mentioned in Horsburgh, but a shoal extends about two cables from its south side.

ST. JULIAN.—N. 44½° W. 24 miles from the large island of the St. Esprit group in Lat. 0° 55' 40" N., Long. 106° 43' 30" E., is a remarkable island being nearly a mile long and only a cable's length broad. It is low in the centre rising to a hill 537 feet high on the north end, and to one 318 feet high on the south end. The hill on the north end forms an exceedingly bold cliff to seaward. We found deep water close to on all sides.

CAMELS HUMP.—N. 28 E., 18½ miles from St. Julian's, in Lat. 1° 11' 46" N., Long 106° 53' E., is about half a mile long in an east and west direction and about a third of a mile broad. It is well named, the highest part of the island forming a sort of hump, the height of which is 574 feet. We discovered no danger in its vicinity.

SADDLE ISLAND.—N. E. ½ S. 12 miles from St. Julian, in Lat. 1° 19' 21" N., Long. 107° 2' 17" E., is only half a mile long, and a quarter of a mile broad; it, also, is well named. The hills forming the saddle are in line on a S. ½ W. and opposite bearing, the higher one on the north side being 387 feet high.

VICTORY ISLAND.—In Lat. 1° 34' 46" N., Long. 106° 18' 40" E., rises to a hill in the centre 235 feet in height. We found a patch of five fathoms with deep water all round about one-third of a mile off its S. W. end.

ACASTA ROCK.—Lies N. by W. 4 miles from Victory island. It is just under the surface of the water and in calm weather presents exactly the appearance described in Horsburgh,—“the central part of a very brown color, declining to a pale green around.” The least swell breaks on it.

DOUBTFUL REEF.—Of Horsburgh does not appear on the Admiralty Charts; and we saw nothing of such a danger when near its position.

BARREN ROCK.—E. by S. ¾ S. 7½ miles from Victory island, in Lat. 1° 31' 50" N., Long. 106° 25' 35" E., is a whitish rock 80 feet high, about a cable's length in size, with deep water all round it.

TIDES, WEATHER, &c.—As we are constantly shifting our surveying ground we had no good opportunity for obtaining a series of tide observations. Such as we were able to procure were so irregular that no general conclusion could be formed from them. We observed, however, during the S. W. Monsoon—from the middle of July to the middle of September; and also in the month of December during the N. E. Monsoon; that Tides set to windward every day against the prevailing current, although they were uncertain as to commencement and time of duration.

The weather was very fine and the winds generally light. Ships would frequently shorten their passages through this part of the China Sea if they kept a kedge ready to let go during light airs and calms, and when both current and tide would otherwise be setting them back over the ground they had with difficulty gained. We saw several vessels set back in this way.

CONCLUDING REMARKS.—All the above islands,—like most others in the tropics,—are covered with a dense vegetation, and have generally white sandy beaches upon which Turtle and the Iguana may frequently be found.

The islands of the St. Esprit group and others are occasionally visited by small parties of Malays for the purpose of catching Turtle.

The only islands permanently inhabited are those of the Tambelan group, all of which have a few Malays upon them. The village in the bay of the great Tambelan contains about five hundred inhabitants, but vessels cannot get any supplies there. We found the greatest difficulty in procuring a few fowls, &c., for our use while employed on the Survey.
